armadi

# scorrevoli

Logica interpreta la volontà di creare armadi in grado di esprimere la ricerca del bello e la cura dei dettagli, quel tocco di stile ed eleganza che ben si coniuga con la raffinata scelta dei materiali e delle finiture: dalla luminosità del vetro ai riflessi del laccato e la matericità delle essenze del legno.

Il mobile che forse più di tutti è sempre stato se stesso, cambia vita e diventa un elemento estremamente versatile, dalla assoluta libertà compositiva che ben interpreta stili di vita diversi.

**Sliding door wardrobes** \_ Logica Program creates wardrobes which combine search for beauty and care for details, a touch of style and elegance with a refined choice of materials and finishes: from the shiny glasses to the colourful nuances of lacquering or the solid essences. The wardrobe, a always unchanged and consistent through years piece of furniture, now changes and turns into an extremely versatile element, open to new and innovative solutions thanks to its modularity capable of interpreting different lifestyles.

# vision

L'anta Vision con tv incorporata unisce design e funzionalità. I fili non si vedono, grazie alla soluzione integrata nell'anta con meccanismo di trascinamento cavi, progettato per scorrere in sicurezza anche quando lo schermo è acceso. Tutto è già predisposto, compresi i cavi antenna e satellite, e soprattutto "nascosto", garantendo la massima pulizia delle linee.

The Vision door pairs design with functionality. Wires are invisible thanks to a device integrated in the door that allows the cables to follow the door safely when it slides open or shut, even when the TV is on. Everything is ready to be connected, including the aerial and satellite cables, and, more importantly, all the electricians are concealed to ensure the ultimate in uncluttered lines.

— Plus tecnici ed estetici

Minimo ingombro all'interno dell'armadio che consente così un prezioso doppio utilizzo. Il cablaggio è stato configurato per un'ottimale possibilità di intervento sul televisore, la migliore di tutta la categoria. "Massima libertà di scelta per la vostra TV -fino ai 39" per l'anta da 117,2 o ai 43" per il modulo da 136,2-, il modulo Vision permette la regolazione in altezza e profondità per il posizionamento del vostro televisore, garantendo l'utilizzo di qualsiasi televisore attualmente in commercio per le misure di riferimento fino a 75mm di spessore, lasciandovi la libertà di scegliere la vostra marca preferita."

— Plus tecnici ed estetici

Utmost freedom of choice for your TV: up to 39" for the 117.2 cm door and up to 43" for the 136.2 cm module. The Vision module can be adjusted in height and depth so that your television is in the ideal position. You can also choose your favourite TV brand from those currently on the market, as long as you stick to the specified sizes and do not exceed 75 mm in depth. The wiring is configured to be the easiest to reach in its category. Very little space is taken up by the TV so that the wardrobe can offer the best of two functions.

# kross

I tagli diagonali dell'anta diventano motivi decor che identificano l'anta Kross.  
Il profilo traccia sottili linee oblique che si combinano con la leggerezza di un pannello  
in vetro satinato o lucido, effetti monocromatici vivaci ma delicati.

The diagonal shapes on the doors become the decorative motifs that distinguish Kross.  
Their contours draw oblique lines that combine with the light appearance of the satin  
or lacquered glass panels. Single-coloured, lively yet subtle effects.

L'armadio contiene il tuo stile, ma allo stesso tempo lo esprime, attraverso la scelta delle finiture e dei particolari. La maniglia orizzontale è incassata nella superficie dell'anta e non sporge: un piccolo dettaglio che traduce in estetica la funzionalità.

The wardrobe contains its style while expressing it through the choice of finishes and details. The horizontal handle is recessed into the surface of the door and is perfectly flush with it: a small detail that turns functionality into beauty.

# doris

L'armadio sceglie la semplicità impreziosita da un dettaglio estetico e funzionale: la maniglia integrata corre in verticale e si interrompe a metà, lasciando la superficie superiore libera di esprimersi. L'apertura diventa un segno distintivo.

This wardrobe chooses simplicity enriched by an aesthetic and functional detail: the integrated handle that runs vertically up the wardrobe and stops half-way, leaving the upper surface free to express itself. The handle becomes a distinctive feature.

# denver

Essenziale e innovativa, Denver interpreta con disinvoltura l'ambiente contemporaneo. Una particolare lavorazione su tutta l'altezza dell'anta diventa la maniglia, da personalizzare con materiali e colori di tendenza a seconda del proprio gusto.

Minimalist and innovative, Denver interprets contemporary homes with flair. A special, decorative strip along the whole height of the door becomes the handle and can be customised using trendy colours and materials, chosen to suit your personal taste.

La maniglia ricorda nella forma una goccia che scende lungo l'anta battente dell'armadio. A volte è sufficiente il dettaglio di un'apertura per dare personalità all'armadio e un tocco decorativo all'ambiente.

The shape of this handle looks like a teardrop that runs down the front of the wardrobe's hinged doors. The detail of a handle is sometimes all it takes to add character to a wardrobe and a creative touch to the room.

Il porta-tv è integrato nell'armadio: una soluzione perfetta per chi guarda la televisione a letto. Inoltre, il pannello porta-tv si apre e scopre un utilissimo vano per contenere altri apparecchi tecnologici. L'armadio aggiunge funzionalità senza rinunciare allo spazio.

The TV panel is integrated in the wardrobe: a perfect solution for those who love to watch TV in bed. Furthermore, the TV panel opens up onto a very useful compartment for technological devices. This wardrobe extends its functionality without giving up any of its space.

# liscia

L'anta liscia dall'ampiezza stilistica della componibilità e delle finiture permette di creare soluzioni ed effetti speciali di grande personalità. Essenze, laccati e poro aperto diventano i protagonisti.

# profilo vetro / specchio

La brillantezza del vetro dà più luce agli spazi, i riflessi dello specchio li amplifica:  
in entrambi i casi l'armadio si fa più leggero e contribuisce a rendere più ampia  
anche una stanza piccola. Vetro o specchio per soluzioni d'arredo luminose.

# cabine armadio

Il sogno di ogni donna (ma anche di tanti uomini):  
uno spazio esclusivo dove riporre abiti e accessori.

Una vera e propria stanza, oppure una parete,  
organizzata nei minimi dettagli per avere tutto  
in ordine e trovare l'outfit giusto al momento  
giusto. La cabina armadio è un mondo tutto per sé,  
progettato su misura e attrezzato a seconda delle  
proprie esigenze di arredo ma anche di stile.

Crea la tua cabina armadio ideale, scegliendo  
misure, componenti e finiture:  
con Liberty il tuo sogno diventa realtà.

**Walk-in-wardrobes** \_ The dream of every woman (but also of many men) is to have a space dedicated exclusively to their own garments and accessories. An actual room, or just a wall, organised in every detail so that everything is tidy and the right outfit can be found at the right time. A walk-in wardrobe is a place dedicated entirely to oneself, tailored to suit one's requirements and accessorised to satisfy one's furnishing and stylistic desires. Create your ideal wardrobe, choose its measurements, parts and finishes: with Liberty your dream can come true.

# spazi risolti

L'estrema modularità di Logica permette di ottenere un ordine praticamente su misura. Le ante nascondono ripiani e accessori, la modularità è al servizio dell'ordine, un risultato estetico e funzionale di grande efficacia. Le attrezzature interne, i colori, le essenze, le maniglie, tutto diventa facile per realizzare soluzioni personalizzate che mantengono sempre inalterate le funzioni organizzative ed estetiche.

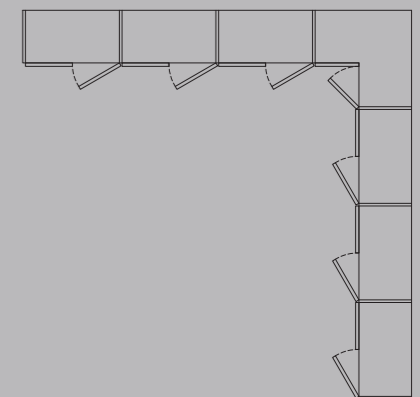

**Furnished spaces** \_ Logica modularity allows custom-made orders. Doors hide shelves and interior fittings; modularity encourages tidyness and serves the purpose of both functionality and elegance. Interior fittings, colours, essences, handles, everything helps creating custom-made solutions for a wardrobe that has to be at the same time functional and elegant.

ELEMENTO AD ANGOLO\_CORNER UNIT

Un angolo sfruttato in tutto il suo spazio. L'apertura delle due ante di questo modello battente permette di accedere senza compromessi al modulo angolare, internamente attrezzato con un comodo ripiano che ne segue la forma e con gli indispensabili tubi porta abiti.

A corner in which all the space has been exploited. By opening the two doors of this hinged door model it is possible to gain access to the corner module that has been fitted on the inside with a handy shelf, that follows the shape of the module, and with indispensable hanging rails.

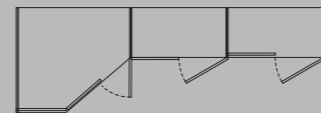

CABINA SPOGLIATOIO A 2 ANTE 45° / Closet with 2 doors 45

All'insegna della massima organizzazione dello spazio e della funzionalità, soluzioni anche esterne, come l'angolo a 45° che permette di ampliare l'armadio in entrambi i lati, pensando al futuro.

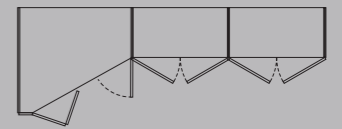

Under the banner of maximum organisation of space and functionality, with solutions even externally, like the 45° angle allowing the cupboard to be enlarged on both sides, thinking ahead.

CABINA SPOGLIATOIO A 3 ANTE / Furnished space: 3-door walk-in-closet

Per vivere appieno la comodità di una cabina armadio si può sviluppare in obliquo la composizione ad angolo, creando oltre le ante battenti tutto lo spazio per un vero spogliatoio, con specchi e tante attrezzature per rendere pratico e d'effetto il rito quotidiano dell'abbigliamento.

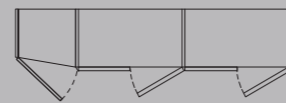

To live the comfort of a walk-in-wardrobe to the full, the corner arrangement can be developed obliquely, creating all the space of a real walk-in-wardrobe behind the hinged doors, with mirrors and lots of fittings to make the daily dressing ritual practical and stunning.

ELEMENTO TERMINALE / End module

Il modulo terminale obliquo conclude la composizione con un piccolo gesto di eleganza, includendo nella sua attrezzatura i ripiani che ne aprono l'utilizzo anche alle esigenze più informali. Il progetto di una parete trova così armonia ed equilibrio.

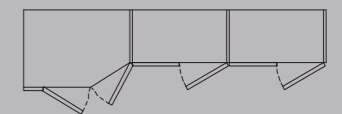

The oblique end module finishes the arrangements with a light touch of elegance, including shelves in its fittings that open it up to the most informal uses. In this way, the project of a back-to-wall wardrobe finds harmony and balance.

CABINA SPOGLIATOIO A 2 ANTE / Furnished space: 2-door walk-in-closet

Non serve chissà quale spazio per dotare il proprio armadio di una vera cabina. E' sufficiente l'attento calcolo delle proporzioni del modello battente per inserire un modulo più profondo con anta obliqua a rientrare e il gioco è fatto.

You need a lot less space than you would think to fit your wardrobe with a real walk-in-closet. All you need to do is to carefully calculate the proportions of the hinged door model to add a deeper module with an oblique receding door and your walk-in-closet is ready to use.
