LETTI E CONTENITORI ELEGANT MOOD

Elegant mood _ beds and bedroom furniture

Venature intense, effetti materici e tonalità rilassanti si posano sulla notte e la caratterizzano con contrasti decisi e allo stesso tempo armoniosi. La camera da letto diventa un luogo intimo e personale nel quale dormire sonni tranquilli, ma anche trovare spazi tutti per sé.

Striking grains, textured effects and relaxing shades dominate the sleeping area, offering bold yet harmonious contrasts. The bedroom becomes an intimate and personal place, where you can sleep peacefully, but also find spaces all for yourself.

MORFEO

Morfeo va oltre il concetto di letto tradizionale: è una composizione che unisce letto, mensolone e comodini. Una proposta di design e allo stesso tempo una soluzione intelligente e funzionale, perché arreda la zona notte con un unico arredo.

Morfeo expands the concept of the traditional bed to include an arrangement comprising a bed, a shelf and bedside tables. This designer solution is clever and practical because it puts together various functions in a single piece of furniture.

Morfeo

L'originalità del letto Morfeo incontra l'essenzialità dell'armadio Dandy: la notte è funzionale al riposo, ma è anche uno spazio progettato per essere visivamente accattivante. Tutto è curato nei minimi dettagli e le tonalità delle diverse finiture sono in armonia tra loro.

The originality of the Morfeo bed meets the minimalism of the Dandy wardrobe: a bed must favour a good night's sleep but its design must also be visually attractive. Each and every part is accurately constructed down to the smallest detail while the shades of the various finishes harmonise to perfection.

I cuscini della testiera sono reclinabili: in posizione eretta consentono una seduta più comoda per chi ama leggere o guardare la tv a letto, mentre quando sono inclinati rendono la composizione visivamente più armoniosa.

The headboard cushions can be reclined: the upright position is the most comfortable one to read and watch TV in bed but the arrangement looks more harmonious when the cushions are reclined.

La struttura di Morfeo offre molti punti d'appoggio e allo stesso tempo nasconde spazi utili: sul retro dei cuscini, la testiera ha un pratico vano contenitore e i comodini sono dotati di cassetti internamente attrezzati con divisori.

Morfeo's structure offers lots of set-down surfaces while also concealing useful spaces: behind the cushions, the headboard features a practical storage compartment while the bedside tables are provided with drawers fitted with dividers.

DAFNE ARGO

Oltre al comò a tre cassetti, ai comodini e al settimanale, la collezione Argo ha inedite configurazioni: il comodino è disponibile nella versione large e il comò con il top scorrevole che diventa un funzionale scrittoio. I contenitori notte Argo sono disponibili con top spessore 6 o 2 cm. Dafne è il letto dalla personalità sofisticata con l'imbottitura capitonné.

In addition to the 3-drawer chest-of-drawers, bedside units and the narrow chest, the Argo collection offers new layouts: The bedside unit is available in a large version and the chest of drawers has a sliding top that becomes a writing desk. Argo storage units for the sleeping area are available with 6 or 2 cm thick tops. Dafne is the bed with a sophisticated personality, with upholstery in capitonné quilting.

Il comò Argo ha un piano che scorre agevolmente sul top per creare all'interno della camera da letto un pratico angolo home office o una stilosa postazione make up. Il piano può essere personalizzato con una finitura diversa dal contenitore per accentuare ulteriormente la sua presenza.

The Argo chest of drawers has a top that easily slides over the surface below to create a practical home office corner or a stylish make-up table in the bedroom. The top can be customised with a different finish from the chest of drawers to further enhance its appearance.

FRAME TIVOLI

Il letto Frame ha una testiera che si inclina leggermente, dalle forme arrotondate che riprendono le forme dei comodini Tivoli. Il decoro rigato impreziosisce ulteriormente la testiera. Circondati dalla naturalezza degli arredi, è più facile abbandonarsi ad un meritato e sereno riposo.

The Frame bed features a slightly reclining headboard with rounded lines that pick up the shapes of the Tivoli bedside tables. The reeded embellishment adds a special touch that further enhances the beauty of the headboard. It's easier to relax into a peaceful, well-earned rest when surrounded by furniture made of natural materials.

Just like the bedside tables, the Tivoli chest of drawers is a storage unit with curved sides. It features a romantic and minimal design complemented by the possibility of customising it in many wood or lacquered colour finishes.

MARLENA DOLCEVITA

Il letto Marlena ha una testiera imbottita impreziosita con particolari cuciture verticali. Il giroletto riprende le forme arrotondate e la finitura legno rovere moka presenti sul basamento e sul comodino Dolcevita per arredare una notte dall'atmosfera raffinata.

Nella notte, i contrasti di forme e finiture trovano pace: le linee sottili e delicate del letto Luna incontrano le geometrie evidenti dei contenitori Replay e insieme trasmettono una sensazione di perfetta armonia.

Contrasting shapes and finishes come to terms in the bedroom: the slim and delicate lines of the Luna bed meet the sharp, square shapes of the Replay units and, together, convey a feeling of perfect harmony.

Tre finiture in un unico arredo: il comodino della collezione Replay unisce finiture materiche e colori laccati per creare uno stile unico e personalizzato. Il comò riprende le stesse finiture ma il modulo superiore sfalsato rende l'effetto coordinato più originale.

Three finishes for a single piece of furniture: the bedside table of the Replay collection combines textured finishes and coloured lacquers to create a unique and customised style. The chest of drawers picks up the same finishes while the unaligned top module adds a touch of originality to the coordinated effect.

HALIFAX HASHTAG

Più di un letto, Halifax è un vero e proprio elemento d'arredo: la testiera è formata da pannellature con e senza imbottitura che permettono di personalizzarlo con più finiture e colori. È perfetto abbinato allo stile geometrico, moderno e giovane del comodino Hashtag.

More than a bed, Halifax is a genuine furnishing element: the headboard consists of panels, with and without upholstery, allowing it to be customised with various finishes and colours. It is perfect combined with the geometric, modern and young style of the Hashtag bedside table.

LETTI E CONTENITORI LIVELY MOOD

Lively mood _ beds and bedroom furniture

Venature delicate e naturali incontrano tonalità calde e vivaci per rivestire una notte moderna, giovane e accattivante.

La camera diventa uno spazio vitale in cui i sogni sono a colori e, oltre al meritato riposo, si legge o si guarda la tv comodamente distesi a letto, accolti dalla morbidezza dei tessuti.

Delicate, natural grains blend with warm, vibrant shades to furnish a modern, young and attractive sleeping area. The bedroom becomes a vital space for colourful dreams. Here, you can have a well-deserved rest, read or watch TV comfortably lying in bed, embraced by soft fabrics.

YUKI HASHTAG

Il letto Yuki non è un singolo arredo, bensì un sistema che integra più elementi e funzioni: i cuscini imbottiti fanno da testiera, i comodini sono uniti al letto e anche tra di loro tramite un mensolone che diventa piano di appoggio e la schiena dei comodini accoglie una pratica mensola.

In addition to a light optional integrated below the bedside table shelf - which illuminates the top but is also practical for reading - there is also a very optional handy plug at the side of the headboard to charge your smartphone or other devices during the night.

Yuki_Hashtag

Il comò e i comodini Hashtag si arricchiscono di nuove finiture ma soprattutto della possibilità di essere sollevati da terra come in questo caso con il basamento Tracks con doppio piedino. Cambiano alcuni dettagli, ma la caratteristica principale della collezione rimane invariata: le maniglie sottili in rilievo sui frontali, personalizzabili nei colori.

The Hashtag chest of drawers and bedside tables are enriched by new finishes and, above all, by the possibility of being raised off the floor, as shown here using the Tracks base with twin feet.

Some details have been changed, but the main feature of the collection remains unvaried: the decorative slim handles that protrude from the fronts and whose colour can be customised.

The modules of the Replay model can be stacked and fitted side-by-side to create unusual, personal combinations, enhanced by matching colours and materials. Replay units are available floor-level, with a methacrylate base or wall-hung.

FUSION SIR

Il letto Fusion è, di nome e di fatto, una totale fusione di elementi: testiera, giroletto e comodino formano un tutt'uno di grande presenza scenica. Le spiccate geometrie e la finitura in materico noce ambra tornano sul comò Sir e la notte è estremamente coordinata.

The Fusion bed is, in name and in essence, a total fusion of elements: a headboard, bed frame and bedside unit create a spectacular overall effect. The striking shapes and amber walnut textured finish are echoed in the Sir chest of drawers, making the sleeping area extremely coordinated.

Nel comò Sir, il top a vassoio è un dettaglio di stile e un originale piano d'appoggio. La finitura in materico noce ambrata ammorbidisce le linee moderne e minimaliste degli arredi: nel suo insieme, la camera da letto è essenziale nella forma e naturale nella sostanza. Il gruppo è disponibile in tre versioni, a terra, con basamento Tracks oppure in metacrilato.

The tray-top of the Sir chest of drawers is both a stylish detail and an original set-down surface. KEN ATHENA

Il letto Ken è una scelta moderna estremamente decorativa: come in un patchwork, la testiera abbina due finiture diverse inframezzate da una fettuccina di tessuto. La pulizia delle linee e l'inserito decorativo si abbinano perfettamente al design e all'estetica dei contenitori Athena.

The Ken bed is an extremely decorative and modern choice: just like a patchwork quilt, the headboard combines two different finishes divided by a narrow strip of fabric. Its clean lines and decorative insert go perfectly with the design and aesthetic of the Athena bedroom units.

Anche se fanno parte della stessa collezione e condividono lo stesso spazio, comò e comodini Argo hanno finiture diverse: il comò monocolore con piano dal forte spessore scorrevole diventa un arredo a sé stante che dà tono all'intera stanza andando comunque a creare un legame con il comodino dove lo stesso colore viene utilizzato per la maniglia laterale.

Although they belong to the same collection and share the same space, the Argo chest of drawers and bedside units sport different finishes: the monochrome chest of drawers with its exceptionally thick top becomes a stand-alone unit that adds character to the whole room while creating a connection with the bedside table that borrows the same colour for its grip channel.

Il comò Argo è disponibile anche con piano fisso spessore 2 cm: anche in questa versione, il top può essere messo in risalto da una finitura diversa per dare dinamismo all'arredo e richiamare altri colori o matericità presenti nella camera da letto. Il gruppo Argo è disponibile nella versione a terra, con basamento Tracks oppure in metacrilato.

The Argo chest of drawers is available with a fixed, 2 cm thick top: in this version too, the top can be set off by a different finish to add movement and pick up other colours or textures in the bedroom. The Argo line is available in the floor-level version or with a Tracks or methacrylate base.

Grazie alle diverse combinazioni possibili di finiture e tessuti, il letto interpreta i diversi stili abitativi e le diverse personalità di chi lo sceglie.

Textured alpaca structure.

Tablet

Tablet è un armadio che ama sperimentare con gli accostamenti per esprimere i gusti personali e le tendenze del momento: il materico Alpaca si abbina alla fascia orizzontale in materico Noce Ambra per un look naturale e rilassante che si diffonde in tutta la camera da letto.

The Tablet wardrobe loves trying out different combinations to express personal tastes and current trends: textured alpaca goes with the horizontal band in textured amber walnut for a natural and relaxing look that reflects on the rest of the bedroom.
